

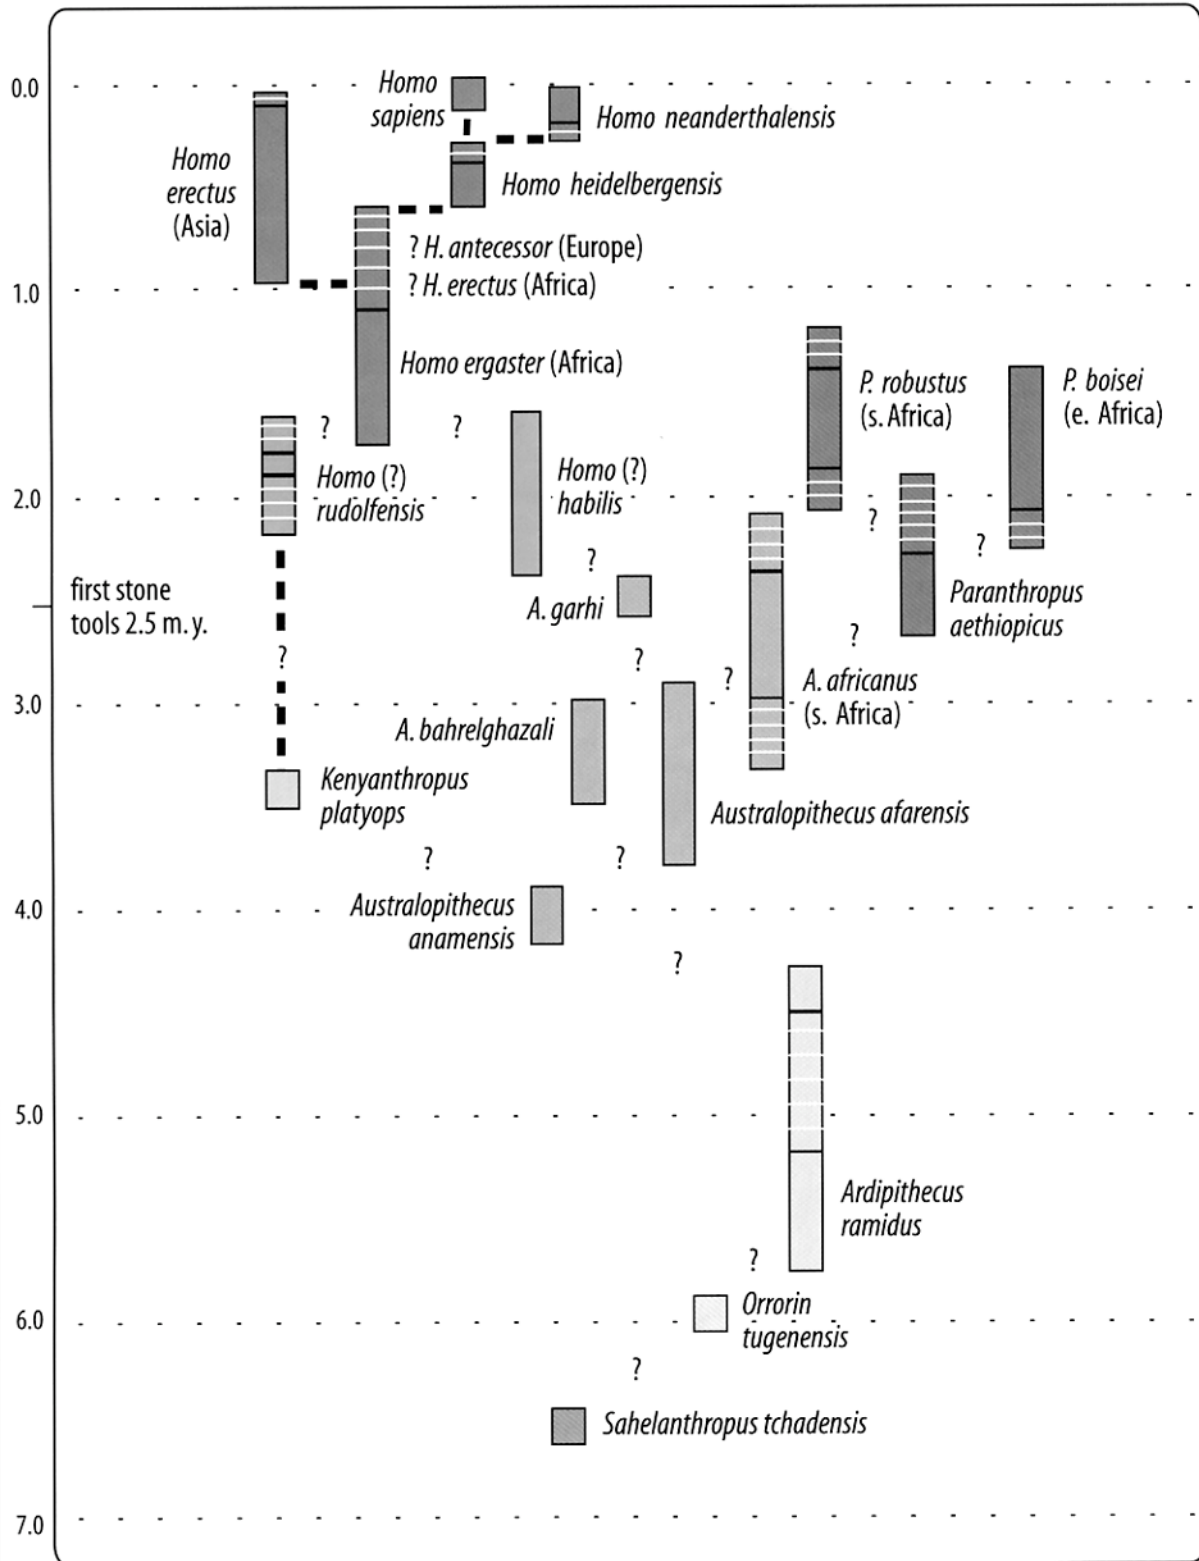

Figure 1.
Hominin Evolution

7 Million Years Ago to the Present. Vertical Scale in Millions of Years (m.y.).

Rectangles represent approximate first and last dates for species. Shading and relative horizontal position separate genera. (Asfaw, et al., 1999; Brunet, et al., 2002; Cavalli-Sforza, 1998; Foley, 1999; Haile-Selassie, 2001; Hoss, 2000; Klein, 1999; Leakey, et al., 2001; Senut, et al., 2001)
